# EE 107 Intro. to Electrical/Computer Engineering II, Spring 2018
# Homework 6

## Due right before the class on Tuesday, April 24, 2018.

**Department of Electrical and Computer Engineering & Technology, MNSU**
**Dr. Qun (Vincent) Zhang**

**Note**: each problem accounts for 10 points.
**Note: You will need to turn in your homework in hard copy form (hand-written, or electronic typing).**

1.  Write a program that utilize a function to swap the content of two strings.

2.  This problem is from the textbook **problems** in Chapter 8 (you can find them in the end of the Chapter 8). Please detail your solutions.

    Problem 2.
    (also, besides answering the questions, type and run your program and attach results).
